

* loops (iterations) Statements

- 1) while loop
- 2) do while loop
- 3) for loop

1) While loop

```
while (condition) {  
    // do something  
}
```

2) do while loop

```
do {  
    // do something  
} while (condition)
```

→ first execute then checks condition

3) for loop

```
for (initialization; conditions; update) {  
    // do something  
}
```
